

## THE REQUA SEWER PROJECT

Valley Sanitary District will be installing a new sewer main line through the City of Indio, breaking ground in June 2016. This project's purpose is to add capacity from central Indio to the District's Water Reclamation Facility.

This project will consist of approximately 4 miles of new gravity flow sewer pipeline and related utility improvements. Construction for the new system will begin at the treatment facility on Van Buren Street, extending west to the intersection of Madison Street and Highway 111.

## WHAT TO EXPECT FROM CONSTRUCTION?

The project will include open trench construction, leading to partial traffic revisions. This will affect the following streets: *Avenue 46, Aladdin Street, Citrus Avenue, Madison Street, Requa Avenue, Shadow Palms Avenue, Van Buren Street*

### PROJECT SCHEDULE

*Phase 1 : Valley Sanitary District - Indio Boulevard  
June - Early October 2016*

*Phase 2 : Requa Avenue section  
October 2016 - March 2017*

*Phase 3 : Madison Street section  
May - June 2017*

*Phase 4 : Avenue 46 section  
June - September 2017*

For a list of Frequently Asked Questions, road closures, traffic updates, and more information on the Requa Sewer Project, please visit [www.valley-sanitary.org/Projects/RequaSewerProject.aspx](http://www.valley-sanitary.org/Projects/RequaSewerProject.aspx) or call (760) 238-5413.

### Will there be impacts to commuters?

The project will be removing asphalt and digging a trench within roadways located on the construction route to install the pipeline. This will cause intermittent traffic delays for streets in the area.

### How will construction workers mitigate dust?

Dust suppression measures will be used throughout the project area.

### Should I expect any delays in accessing schools, businesses or place of residence?

As construction moves forward along the project route, some access to properties and on-street parking will be limited. The Valley Sanitary District will provide advance notice before interrupting access to properties.

### What are the hours of construction?

**Monday - Friday:** 6:00 a.m. - 5:00 p.m.

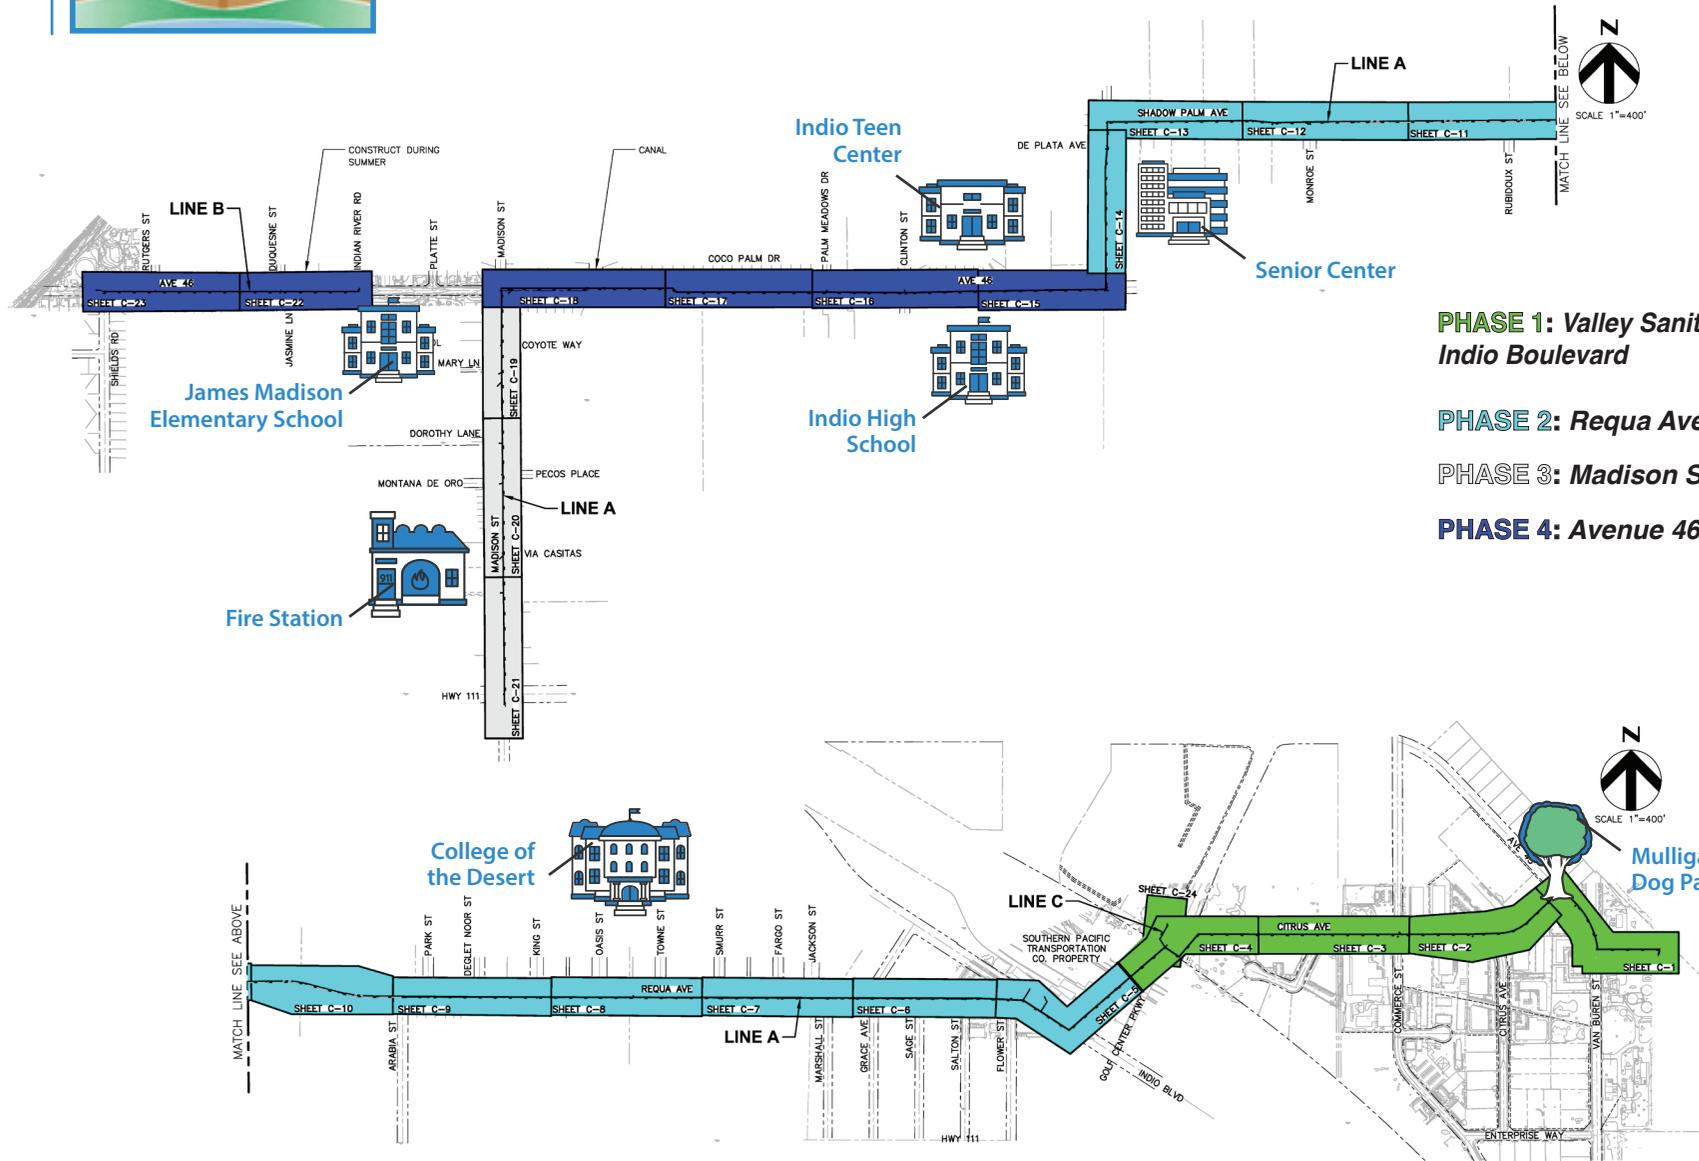

**Weekends as necessary.** Night work and potential extended hours to expedite construction.

### How is this project funded?

This Project is funded with Valley Sanitary District's reserve fund and a State Revolving Fund loan.

# Requa Sewer Project

**PHASE 1:** Valley Sanitary District -  
Indio Boulevard

**PHASE 2:** Requa Avenue section

**PHASE 3:** Madison Street section

**PHASE 4:** Avenue 46 section
