

NOTE:

IN ORDER TO COMPLY WITH REQUIREMENTS FROM THE SOUTH COAST AIR QUALITY MANAGEMENT DISTRICT (AQMD), ESSENTIALLY ALL CONSTRUCTION SITES IN THE CITY OF INDIO NOW NEED A DUST CONTROL PLAN (CALLED A "FUGITIVE DUST CONTROL PLAN"). THE PLAN NEEDS TO BE PREPARED BY, AND SIGNED BY, AN AQMD CERTIFIED INDIVIDUAL AND APPROVED BY THE CITY ENGINEER PRIOR TO THE ISSUANCE OF A GRADING PERMIT OR BEGINNING OF ANY CONSTRUCTION ACTIVITIES. THE CITY OF INDIO HAS AN INFORMATION PACKAGE AVAILABLE FOR PICK-UP AT THE ENGINEERING DIVISION COUNTER THAT DESCRIBES WHAT IS EXPECTED TO BE PART OF THE PLAN.

GENERALLY SPEAKING, ANY CONSTRUCTION SITE MEETING AT LEAST ONE OF THE FOLLOWING CRITERIA MUST HAVE A FUGITIVE DUST CONTROL PLAN PREPARED:

1. A GRADING PERMIT IS REQUIRED.
2. THE SITE INVOLVES MORE THAN 5,000 SQ FT. OF SOIL DISTURBANCE.
3. THERE WILL BE IMPORT/EXPORT OF MORE THAN 50 CUBIC YARDS OF MATERIAL PER DAY.

AS A GENERAL OVERVIEW, THE FOLLOWING ARE REQUIRED AS PART OF THE FUGITIVE DUST CONTROL PLAN:

1. THE OWNER MUST AGREE TO BE THE PERSON TO ENFORCE COMPLIANCE WITH ALL DUST CONTROL RELATED ISSUES ON THE SITE.
2. THE METHOD(S) TO CONTROL DUST, ON A CONTINUOUS BASIS, MUST BE IDENTIFIED.
3. PERSONNEL MUST BE PROPERLY TRAINED. ANY INDIVIDUAL RESPONSIBLE FOR PREPARING A PM10 PLAN AND/OR PERFORMING SITE GRADING, WHETHER CONTRACTOR OR OWNER, MUST POSSESS A CERTIFICATE OF ATTENDANCE FOR THE COACHELLA VALLEY FUGITIVE DUST CONTROL CLASS.
4. SPECIAL SIGNAGE RELATING TO DUST CONTROL MUST BE IN-PLACE PRIOR TO THE START OF, AND DURING, CONSTRUCTION.

ADDITIONAL INFORMATION FOR DUST CONTROL COMPLIANCE IS AVAILABLE AT AQMD'S WEBSITE AT [HTTP://WWW.AQMD.GOV/](http://www.aqmd.gov/) AND, AS MENTIONED PREVIOUSLY, IS AVAILABLE FOR PICK-UP AT THE ENGINEERING DIVISION COUNTER.
